The mysterious trash can standing in the schoolyard was silently glowing.

1.Jennie is surprised and asks, "Why is this trash can glowing?"

2. When the trash can started talking, Jennie said, "A talking trash can... That's so strange"

3. The Mysterious Trash Can explains that throwing trash in the wrong place can harm the planet.

4.Jennie, curious, asks, “Really? Throwing trash in the wrong place can harm the Earth?”

5.The trash can shows the difference between plastic, paper, and organic waste.

6.Jennie says, “So plastic and paper don’t go in the same bin.”

7. The trash can says Yes, plastic and paper shouldn't be thrown in the same trash can."

8.Jennie says she will be more careful when throwing away trash from now on.

9.After a while, Jennie sees someone throwing trash in the wrong place and warns that person.

10.One day Jennie walks past the mysterious trash can, greets it, and the two begin to talk.

11.Jennie says, "I saw someone throwing trash the wrong way and I warned them, so I'm more careful now."

12.The trash can is very happy about this and thanks Jennie.

13. Jennie says, "Actually, I should thank you for informing me."

14. They both smile.

15. They say the environment is a very important issue.
